SignalR

10/24/2012 2 minutes to read Contributors 
- Guidance
  - Getting Started
    - Introduction to SignalR
    - Supported Platforms
    - Tutorial: Getting Started with SignalR 2
    - Tutorial: Getting Started with SignalR 2 and MVC 5
    - Tutorial: High-Frequency Realtime with SignalR 2
    - Tutorial: Server Broadcast with SignalR 2
    - Hands On Lab: Real-Time Web Applications with SignalR
  - Guide to the API
    - Hubs API Guide - Server (C#)
    - Hubs API Guide - JavaScript Client
    - Hubs API Guide - .NET Client (C#)
    - Understanding and Handling Connection Lifetime Events in SignalR
    - Working with Groups in SignalR
    - Mapping SignalR Users to Connections
  - Testing and Debugging
    - SignalR Troubleshooting
    - Unit Testing SignalR Applications
    - Enabling SignalR Tracing
  - Security
    - Introduction to SignalR Security
    - Authentication and Authorization for SignalR Hubs

    - Authentication and Authorization for SignalR Persistent Connections

- Performance
    - SignalR Performance
    - Introduction to Scaleout in SignalR
    - SignalR Scaleout with Azure Service Bus
    - SignalR Scaleout with Redis
    - SignalR Scaleout with SQL Server
    - SignalR Connection Density Testing with Crank
    - Using SignalR Performance Counters in an Azure Web Role

- Deployment and Hosting
    - Tutorial: SignalR Self-Host
    - Using SignalR with Web Apps in Azure App Service

- Advanced
    - Dependency Injection in SignalR

- Releases
    - Upgrading SignalR 1.x Projects to version 2

- Older Versions
    - Tutorial: Getting Started with SignalR 1.x
    - Tutorial: Getting Started with SignalR 1.x and MVC 4
    - High-Frequency Realtime with SignalR 1.x
    - Tutorial: Server Broadcast with ASP.NET SignalR 1.x
    - Hubs API Guide - Server
    - SignalR 1.x Hubs API Guide - JavaScript Client
    - Hubs API Guide - .NET Client
    - Understanding and Handling Connection Lifetime Events in SignalR
    - Working with Groups in SignalR 1.x
    - Mapping SignalR Users to Connections in SignalR 1.x

    - Introduction to SignalR Security (SignalR 1.x)
    - Authentication and Authorization for SignalR Hubs (SignalR 1.x)
    - Authentication and Authorization for SignalR Persistent Connections (SignalR 1.x)
    - SignalR Performance (SignalR 1.x)
    - Introduction to Scaleout in SignalR 1.x
    - SignalR Scaleout with Azure Service Bus (SignalR 1.x)
    - SignalR Scaleout with Redis (SignalR 1.x)
    - SignalR Scaleout with SQL Server (SignalR 1.x)
    - SignalR Troubleshooting (SignalR 1.x)
    - Dependency Injection in SignalR 1.x
